Hi Karen,

Please see the attached files I shared with Rich Rupert on April 16th. Marcellus production gas can be found in the workbook titled ISOTOPIC_Data starting at row 32. Thanks and let me know if you have additional questions.

Hi Rich,

Per your request, please see the attached files. I apologize but I don't feel comfortable giving out Anthony Gorody's personal email address because I don't know him and I don't know if he uses it for business purposes - I only have it because it was included in an email that was forwarded to me by someone else. His LinkedIn page is here<<http://www.linkedin.com/pub/anthony-gorody/13/316/903>> and I think the address and phone number for his consulting business is here<<http://www.manta.com/c/mm3nc27/universal-geoscience-consulting>>. Hope this helps!
